PROFILE INFO

Motivated and detail-oriented web developer with hands-on experience in Angular, .NET Core, and MySQL, currently building professional-grade projects including admin panels, e-commerce websites, and API integrations. Skilled in both frontend and backend development with a strong understanding of UI/UX design, RESTful APIs, and role-based authentication. Passionate about continuous learning, exploring AI integration, and creating innovative web solutions that deliver real value.

EXPERIENCE

WEB APP DEVELOPER   2024 - 2025
IMPLIES SOLUTION

Developed and maintained responsive web applications using Angular and .NET Core, ensuring seamless frontend-backend integration. Collaborated on real-world projects involving REST APIs.

WEB DEVELOPMENT   2023-2024
IN CODEX SOCIETY

Assisted in developing and debugging frontend components using HTML, CSS, and Angular. Gained hands-on experience with real-time project workflows, version control, and responsive design practices.

FULL STACK DEVELOPMENT   2022-2023
TECH HUB

Completed Full Stack Web Development course at Tech Hub, focusing on HTML, CSS, JavaScript, and website deployment. Built responsive static websites and learned best practices for clean UI/UX

ACHIEVEMENT

2024 – 2025
Developed a Full-Stack Admin Panel with Role-Based Access

2025 – Present
Managed five projects in our company worth over $1 million.
